OCT 2019

ISSUE #2

A word from Michael

Whew - what a wonderful summer it's been! Howard Civil Engineering have been awarded one of our largest contracts to date (Skipton Road, p. 2) and have also achieved a Constructionline Gold Membership Status - a testament to our hard work and quality products.

In other news, I am also very excited by our partnership with The Howarth Foundation, a fantastic local charity helping the homeless and recently re-homed back into work.

We are extremely hopeful that in due course, Howard Civil Engineering can help at least one participant of the scheme take 'the next step' towards achieving full-time employment, either on one of our sites or in our offices.

Speaking of new staff members, it was wonderful to get to know our new recruits at the Macmillan Coffee Morning and our End of Summer Social at Victoria Gate last week - welcome to the team, folks!

NEW PROJECTS

HOWARD
CIVIL ENGINEERING

SKIPTON ROAD

Back in June, we were awarded an enormous £8.5m roads, sewers and plotworks package at this landmark new housing development on Skipton Road, Harrogate!

Stepped foundations and low retaining structures are incorporated throughout the design to manage this gently sloping site and make the most of the views.

We expect to be on site for approximately 2.5 years to deliver this bespoke package.

DONCASTER SEND SCHOOL

We're thrilled to have been awarded a £1m groundworks package at the new SEND School to be built in Doncaster for our client, Willmott Dixon.

The new school will encompass almost 34,000 sq ft and provide provision for 100 pupils between the ages of 5-19.

The location of this development poses a high risk of flooding; however, we are confident we can deliver a quality product to the highest standard despite the environmental risks.

Location: Wakefield

Roomzz Aparthotel

Client: Broadley Group
Value: £200k
Location: York

LET'S CELEBRATE!

PLEDGING SUPPORT TO THE **HOWARTH FOUNDATION**

Howard Civil Engineering are proud to pledge our support to The Howarth Foundation's Business Building Futures initiative!

The Howarth Foundation is an esteemed local charity actively partnering businesses with the homeless or recently re-housed jobless in search of full or part-time employment.

- 14 years

Sophie Henderson
Assistant Estimator
- 5 years

NEW COLLEAGUES

HOWARD
CIVIL ENGINEERING

We're thrilled to welcome our new team members here at Howard Civil Engineering!

Due to an increase in awarded projects and turnover, we made the decision to expand our team and invest in new members of staff - say hello to your new colleagues!

Paul McGarry
Contracts Manager

Lee Wright
Site Manager

Oliver Downes
Site Manager

Emma Brier
Procurement Administrator

'We are over the moon to welcome such skilled and enthusiastic employees into a variety of roles across the business. I am confident that this worthwhile investment will not only ensure we continue to deliver quality products to our clients across the region but will also complement our ambitious growth strategy which should hopefully see us surpass £30m turnover in the next financial year.'

SUPPORTING YOUTH ACROSS YORKSHIRE

In addition to welcoming new apprentices into the fold, a number of our existing apprentices have also accepted permanent roles with us!

Say hello to our new apprentices!

Niall Gaughan
Trainee Quantity
Surveyor

Brendan O'Hara
Higher Level Apprentice Engineer

Oliver Brown - Assistant Quantity Surveyor

Oliver joined us last September as an Apprentice QS from the EN:Able Future shared apprentice scheme and worked on numerous sites such as Roomzzz York, The Futurist in Scarborough and Plot M at Logic Leeds before settling into office life assisting our sister company, Erris Homes. Having completed his first year at HCE, we were thrilled to offer him a permanent role as Assistant QS.

Kian Hegarthy - Site Engineer

Kian joined us 18 months ago from the EN:Able Future shared apprentice scheme as an Apprentice Engineer and has been working on our Roads and Sewers sites across the region. Kian is making excellent progress working alongside more experienced engineers and we have high hopes for his career progression with us moving forward.

Hayden Brook - Site Engineer

Hayden also joined us 18 months ago from the EN:Able Future shared apprentice scheme as an apprentice engineer and has been working in Harworth for Persimmon Homes' Brick Factory and Roof Tile Factory. Hayden has proved himself to be a quick learner, working alongside both a manager and engineer intermittently and assisting with both roles on-site. His experience and drive puts him in great stead for future prospects here at Howards.

GIVING BACK TO OUR COMMUNITY

HOWARD
CIVIL ENGINEERING

Thank you for raising a whopping £2, 820 for Bradford Hospitals' Charity!

This summer we braved the Bradford Dragon Boat Festival with the and raised a massive £2,820! The money raised will help Bradford Hospitals' Charity transform the radiology departments at Bradford Teaching Hospitals into warm and welcoming spaces for children.

It was a wonderful day mingling with the local community in Bradford, and all for a great cause!

A BIG THANK YOU TO ALL OUR DRAGON BOAT SPONSORS, INCLUDING:

Site Contract
Personnel Anchor Bay
Romero Insurance Brokers
SPI Piling Kestral

Specialist Surfacing
Wolseley Burdens

MACMILLAN COFFEE MORNING

Thank you to everyone who baked, faked and ate their way to our £149 total for Macmillan Cancer Support!

ON-SITE SPOTLIGHT...

LEEDS CITY COLLEGE

Client: Wates Group **Value:** £6.5 million

Works to deliver the RC frame and groundworks for Leeds City College's landmark city-centre campus are now complete!

To ensure we could support Wates' ambitious delivery programme, we utilised Early Contractor Engagement with Wates which included planning, programming and attending design team meeting in advance of commencing work on-site which enabled us to implement maximum value engineering, sector-specific knowledge, lean programming and follow-on trade collaboration.

A HUGE congratulations to our wonderful site team who helped ensure this site was handed over ahead of schedule:

Darren Malone, Paddy Furlong and Jose De Rocha
